

**Re: Black Walk on Bark product specifications**

Our Black Walk on Bark consists of the following:

Black Walk on Bark is one of our premium products. It is derived from raw fir bark and is ground and screened to size. The bark is then colored using a non-toxic dye. Fir bark is very beneficial to the soil and the black color really makes plant “pop”.

- **Black Walk on Bark is black in color**
- **The particle sizes range from 1" - 3"**
- **The average full load size is 80 cy**

Sincerely,

  
David Ray
